W. T. Opening Brings Large Attendance

ENROLLMENT TO BRING STUDES DURING WEEK

First Assembly Exercises Will Be Held Saturday Morning, With Announcements of Work

HALLS ARE FILLED

Training School Shows an Increased Attendance—Miss Bowman Added to Home Ec. Department

The fall term of W. T. opened Tuesday, with the freshmen enrolling during the first day. Upper classmen started to enroll yesterday and will continue throughout the remainder of the week.

No figures on the enrollment were available yesterday as the halls and offices were filled with long lines of waiting students trying to get their work in order for the fall's session. From every indication the enrollment will exceed that of last year.

Randall Hall has been full for some time, and the waiting list yesterday numbered more than 20. Cousins Hall is practically filled. Stafford Hall had one vacancy yesterday.

Formal opening exercises for the 1936 fall semester will be held from 11 o'clock to 12 o'clock Saturday morning. All students are expected to attend the opening exercises.

Canyon Schools To Dismiss Wednesday p. m. Attend Fair

Canyon public schools will close at noon on next Wednesday, Sept. 23, in order that students may attend the Tri-State Fair at Amarillo.

The high school band will be taken to the fair in the school busses. This is the first time that a Canyon high school band has visited the fair.

Next Wednesday is Canyon day at the fair, and all citizens who can get away for the day, or afternoon are invited to attend the fair.

The Buffalo Band has been invited to play at the fair, but owing to the opening of W. T. only this week, Dr. J. A. Hill was unable to state whether or not the college would be dismissed and the Buffalo Band make the trip to Amarillo. The Buffalo Band has played at the fair many times in years past.

Young Students to Be Given Free Instruction at W. T.

Free instruction in violin and other stringed instruments will be offered this year to a limited number of young students by the music department of W. T., according to an announcement made this week by Prof. Wallace R. Clark, head of the department.

Children of the College Demonstration School who have shown very marked ability will be selected by Miss Ada V. Clark, and will receive instruction under the direction of Mr. Herschel Coffee of the violin department. Mr. Coffee's schedule will allow him only a few of these young pupils, but it is the purpose of the department to assist young musicians who are ready to begin their individual study.

It is possible that instruction in flute, oboe and clarinet will be added to the offering at a little later date, if this can be arranged.

G. H. Hardman, Miss Eula Hardman, and Mrs. Wayne McCormick have returned from a visit of the Centennial expositions at Fort Worth and Dallas.

Conservation Soil Program Is Well Under Head Way

County Committee Makes Selection of Inspectors—Hope to Complete all Work Soon

Checking compliance under the new Agricultural Conservation program will start Monday, Sept. 21. The first year, under the Conservation Act, will end Dec. 31. Most farmers in Randall county will have finished their compliance by Nov. 1. The County Committee hopes to be able to have all of the compliance work done by that date in order that checks may be received as soon as the county quota is approved by the State Allotment Board.

All farmers are being asked to measure their own land, since an accurate total acreage crop must be shown and funds have not been made available for measuring land. Compliance on each farm as well as land measurements will be checked by supervisors who have recently been appointed.

The following are the men appointed as field supervisors for this year: Jeff Wallace, E. A. Michael, Forrest Gruner, R. B. Elliott, L. B. Hammond, Roy Campbell, J. W. Spencer, and Kenneth Burum.

These men will start work Monday in the various districts of the county.

The average payment on diverted acreage in Randall county will be \$7.80. This compares with \$10.00 for the United States as a whole. These payments are not made for taking land out of cultivation as was the case with the old crop adjustment program, but are made to farmers for soil improvement practices that are carried on a small part of the crop acreage each year.

Bainer Has Great Confidence Future Panhandle Section

H. M. Bainer, agricultural agent for the Santa Fe, was here yesterday checking up on conditions in Randall county. He expressed great confidence in the future of the Panhandle, and the soil conservation program which is under way. Contouring the land will save the soil, states Mr. Bainer. He hopes the farmers will go stronger for crop rotation and diversification than they ever have in the past.

Mr. Bainer first came to the Panhandle 26 years ago. For the past several years he was manager of more than 200 farms in Missouri. He has traveled extensively over the nation and has seen agriculture in many states. He believes the Panhandle has the best opportunities of any section in the nation.

Randall Citizens Naturalized Tuesday Federal Court

Three Randall county citizens received naturalization papers Tuesday in Federal Court being held in Amarillo. Judge James C. Wilson highly complimented a group of 17 who were completing their papers.

Mr. and Mrs. Eugene Frische, born in Germany, and Anto Kuster, born in Switzerland, all three living in the Umbarger community, received their papers.

Mrs. Grady Oldham and son, Jack, left Monday morning for Austin where Jack will study architecture in the University during the coming year. Mr. and Mrs. J. H. Rose accompanied them on the trip.

Pity Utility Crews As Changes Made In Connections

Pity the utility workers in Canyon as they try to keep up with the changes which are made following the close of summer school and the opening of W. T. for the fall session. Nearly 200 changes were made in Canyon during the past month. These were caused by people leaving, new people coming in, and people just moving from one place to another in Canyon.

Canyon people are often accused of not knowing their neighbors. There are nearly 200 houses and apartments in Canyon which are now occupied by different folks who lived there a month ago. This makes some job in keeping up with your neighbors, if all of these changes are to be kept in mind.

Topping Projects are Slated to Start With in Coming 3 Weeks

Work is scheduled to start soon on topping the streets which have been under construction with WPA labor. Actual spreading of crushed rock and asphalt will likely be started within 3 weeks, according to the present schedule.

Men are crushing rock for topping Fourth Avenue, and a sufficient amount will be crushed for this job during the coming ten days. WPA has assigned 28 men from Amarillo to the crushing job for the streets on the college campus, and these are scheduled to start to work at once. It will take about three weeks to crush a sufficient amount of rock for the campus projects.

A few new men have been put to work under WPA during the past month, and with Randall county being placed in the drought section, more men are expected to be given jobs.

T. C. Thompson left Tuesday evening for Dallas on business.

Panhandle Aggies To Be Here For First Game of the Season Friday Night Under Lights

BAGGETT IS PLEASED

Good Prospects Shown as Buffs Close First Week of Intensive Training Period

Followers of the Thundering Herd will have an opportunity to see the 1936 Buffalo squad in action for the first time Friday night at 8:00 o'clock. The game will be played under the lights against Panhandle A. & M. College of Goodwell, Okla.

Coaches Al Baggett, Marshall May and Bob Cox opened the training camp Thursday of last week, and an intensive week of practice has developed the Buffs on the fundamentals of the game.

Coach Carl Wooten will bring a veteran team here from the Aggie college. Last year the Aggies put up a bitter fight against the Buffs at the opening of the season, and before the end of the season the Aggies had whipped some of the outstanding teams of Oklahoma. This veteran team is back in Aggie uniform and should make a record this year.

Coach Baggett will have a light but fast forward wall with Captain Leo Jackson from Floydada as a nucleus. Cy Marchbanks will divide time with Captain Jackson at the pivot post. George Caviness, senior letterman from Causey, N. M., was the best bet for right guard, but was crippled Monday. Monroe Horton and Forrest Faulkner, both sophomores are contending for this place. Oscar Hinger, stubby Endee, N. M. gridster, will probably start at left guard. Henry Fields and Alvis Kennedy will see service at the guard positions.

Both tackles were left wide open due to graduation of seniors last year. Craig "White Boy" Walling was changed from end to left tackle, and J. P. Meek, 195-pound soph will probably start at right tackle. (Continued on last page)

Contributions For Roosevelt Only to Local Solicitors

A number of local people have made contributions to the Roosevelt-Garner campaign funds this week. Democrats are urged to make contributions at once, as national headquarters are in need of funds to carry on the campaign.

Warning has been issued that various unauthorized people have been soliciting funds over the state. The only authorized agencies are the local newspapers, the local banks, and the local postmasters. Every cent collected is sent direct to the national campaign fund.

Young Democrats are selling 50c lucky coins, which are approved by the national committee, but no other scheme for raising money has been approved.

Local people are urged to make their donations at once.

51 More Students are Given N Y A Work Under Drouth Relief

NYA students were increased by 50% Friday under the drouth relief program. W. T. was allowed to add 51 additional students to the 102 which had been designated, bringing the total to 153. Hundreds of worthy students have applied for NYA jobs, and there will be no difficulty in filling the added places with students who deserve this aid.

C. A. Murray is chairman of the faculty committee in charge of this work in W. T.

Seven high school students had been given NYA aid, and it is expected this number will be increased.

Mrs. Edna Moore of Spearman attended to business in Canyon Monday.

J. B. Morrisette attended to business in Lubbock Tuesday and Wednesday of this week.

Amarillo Negro In Jail Without Bond in Assault

First Case in County In Which Colored Man Is Charged—Has Penitentiary Record

Ross Lancaster, colored, is being held in jail without bond to await the action of the grand jury in January. He is charged with assaulting a white woman in south Amarillo Saturday evening. Lancaster admits having served a stretch in the Oklahoma penitentiary, and of having the reputation as a bad man.

The negro was caught after the assault, and had the hat of his intended victim in his hand when run down by Deputy Sheriff Glen Costley. Sheriff Bob Barnett and Deputy Sheriff W. L. Lyons were a short distance away in another direction when Lancaster was caught.

The white woman struck a knife from the hand of the negro. The knife was found laying in the weeds near the spot where traces of the scuffle were easily distinguishable. Lancaster claimed the knife as belonging to him when it was shown Monday. He said his wife recently gave it to him.

This is the first time that a negro has been charged with assault in Randall county, since there are no colored residents in the county aside of the CCC men at the Palo Duro State Park.

NYA Student at Higgins Uncovers Mastodon Skull

Carl Goettche, of Higgins, believes in getting started on his job ahead of time. He has been granted NYA aid by W. T. and is to work for C. Stuart Johnston of the department of archaeology and paleontology. So although college did not open until yesterday, he went out to the Sibbits Ranch near Higgins and began excavations. His find was a rare specimen of mastodon, valuable for scientific purposes and to exhibit in the Panhandle-Plains Historical Society Museum.

The complete mastodon skull weighed between 700 and 800 pounds. Goettche was assisted in getting it out by Don Savage, a senior student of W. T.

Wolflin Golf Club Will Play Canyon Here Next Sunday

Canyon golf players were defeated last Sunday in Amarillo by the Wolflin team by a score of 28 to 41 points.

Canyon players on the team were: Mark Foster, Ross Craig, Carl Scott, Vince Reeves, Dr. Harry Brown, Patsy Britain, Dan Sanders, H. O. Price, Sanford Black, Tom Callaway, D. Mickle, Lloyd Childers, Leo Duffot, Oscar Gano, Leslie Key, Ed Mickle, W. E. Lockhart, Paul Scott, M. Stewart, Bob Black, Leonard Brasuel, J. E. Johnson, and T. S. Furlow.

The Wolflin team will play on the Canyon course next Sunday afternoon.

Mrs. Chas. Dowlen, Mrs. S. B. Loudder and Mrs. Clyde McElroy visited Mrs. Wm. Ash at her home in Umbarger Friday.

Mrs. Golden Green together with her parents, Mr. and Mrs. C. W. Terry of Earth, are visiting the Centennial at Dallas this week.

COUNTY GETS 1.35 INCHES ON FRIDAY NIGHT

Heaviest Rain Falls In County Since the First of June Comes During Past Week

RAINS YESTERDAY

Wheat Planting Encouraged by Fall Moisture Which Covers All of Plains Sections

Rain covered all sections of Randall county during the past week, although the downpour varied in amounts as to the different sections of the county.

The heaviest rain fell in Canyon Friday night, measuring 1.35 inches of moisture. This rain was general over the county. However the section northwest of Umbarger received only a small part of this rain, while the south part of the county was drenched with a much heavier downpour.

Heavy clouds hovered over the county all day yesterday, with intermittent showers falling at various times. This moisture measured only .05 of an inch this morning, but the clouds are still in evidence.

The rain Friday was the first heavy one that has been received since the first of June. The result of this rain drove the temperature downward, and the weather department predicts that the summer heat is now definitely repelled, and that the usual fall cool days will now prevail in this section.

Heavy rains have fallen to the south and east of the Panhandle during the past week, amounting to floods in several places in West Texas.

As a result of the heavy rains to the west on Friday night, the Tierra Blanca had a heavy rise Saturday. By Sunday afternoon the high waters had reached the Palo Duro State Park, and picnicking parties were forced to leave the section beyond crossing No. 1. Wheat planting is under way over the county. It is predicted that a record acreage will be planted in Randall county this fall.

Baggett Optimistic Over Team Representing WT Football

Coach Al Baggett made a short talk at the Rotary luncheon Tuesday in which he praised the fighting spirit of the Buffalo team, and predicted a good season.

The schedule opens Friday night with Panhandle A. & M. College from Goodwell, Okla. Coach Carl Wooten brings a veteran team which gave the Buffs a hard battle last fall. Mr. Baggett hopes that the people of Canyon will come out Friday night to see his 1936 team in action.

"We have a tough schedule with leading teams from Texas, New Mexico, Oklahoma and Kansas," stated the big coach. "Thirty-one men are in the squad, with 10 lettermen, 1 squadman, 17 sophomores, and some fine transfers from junior colleges."

George Caviness was injured Monday in practice, and will be out the rest of the season. "This is a severe jolt to us, as we had expected so much from the big guard," stated Coach Baggett.

The spirit of the team is fine, the boys want to play football, and they are ready to go, according to Baggett.

Reduce Freight on Stock and Feed Under Drouth Plan

Reduced freight rates on stock and feed are expected this week as the result of placing Randall county in the drouth territory last Thursday.

This will probably not affect much stock, but should make a considerable saving on feed which will be shipped in during the winter.

When a fellow loses his job he is prone to attempt to put the blame on some one else, or for some other reason than that ascribed. This seems to be the case of Everts Haley, President Benedict says that the job on which he was working just ran out. Haley says it was because of his opposition to President Roosevelt, and because of his political activities. Knowing both men as we do, we are inclined to believe that Mr. Haley worked himself into such a sweat over things he could not control, and primarily which was none of his business; that he simply made himself useless so far as his connection with the university was concerned. President Benedict is a most lenient man, progressive, and above all things an open minded man. Mr. Haley is impetuous, aggressive and almost intolerant in his attitude toward those with whom he does not agree. He works hard for the things in which he believes and hits hard against the things in which he does not believe. The opponents of Roosevelt in Texas will use this incident to make a fight on the University of Texas. It will be very much of a very desperate windmill battle, and leave the status unchanged.

A special edition of the New York Sun has been mailed to all newspapers, banks and other public institutions, in which a review is given of unemployment. The purpose of the edition is to show that unemployment is not so large as official figures has placed it; that industrial leaders are doing more to reduce unemployment than is the government; that the recent laws of congress are working against the welfare of industry and therefore hindering recovery. The Sun fails to mention one very pertinent fact; that three years ago this spring this nation was threatened with a catastrophe; that bankers and industrial leaders were on their knees pleading with President Roosevelt to save the nation; that the acts of the President had been responsible for recovery that has so far been made; that some one has to pay the nation's recovery bill, and it is nothing more than right that those that have the money should meet this expense. Certainly those who have nothing cannot be expected to pay. We wonder how much the Republican National Committee paid the New York Sun for this edition.

Governor Allred has called a special session of the legislature to convene on Sept. 28th. This will be distinctly a lame duck session since 74 members of the House and nine of the 31 senators retired or were defeated in the summer primaries. This being the case,

very little may be expected in the way of accomplishments from this session. The Governor placed the question of old age assistance in the call. Other things may be added, but for the present that is the big problem of the legislature. There will be a disposition on the part of many members to modify the requirements so as to let more people into the pension bracket, but at the same time there is always a most determined fight on the part of many members to reject all tax increases. Senator Small will likely sponsor again his revenue producing measure which passed the Senate in the last session of the legislature, but failed in the House. There will be a merry fight under the big dome at Austin over this problem.

Two election contests are underway in neighboring counties. The results of these contests, regardless of the merits of the cases or the outcome, will leave sore places which will not soon heal. These contests and the charges being made in the contests very clearly show the great need of re-writing the election laws of Texas, cutting out a number of foolish provisions, and making plain many other provisions. It is very doubtful whether there could possibly be held an election in Texas in which irregularities may not change the result of the vote or even carry the suspicion of fraud, but are simply the result of provisions of the law which may be overlooked. Elections are conducted by people who have no intimate knowledge of the law, upon which even the lawyers are unable to agree.

Exit Governor Talmadge, the loud mouthed New Deal critic of Georgia. The Governor wore red suspenders, rather than a red flag, and upon every hand denounced Roosevelt and all acts of his administration. There was little doubt about the results of the election once the campaign got under way. The defeat and death of so many critics of the administration has caused a lethargy to settle over the Democratic headquarters and so far as the general public is concerned, this campaign is a rather sleepy affair. Even President Roosevelt seems to be taking re-election as a matter of fact.

Radicals seldom will accept other leadership than their own. The latest development is the break between Coughlin, Townsend and Smith. While all profess to be following Lemke, it is getting to be from a distance. Coughlin has been squelched by the Catholic Church to a greater degree than he is willing to admit. He is afraid of the rip-snorting oratory of Smith, and suspicious of the mudslide which has developed in the Townsend camp. There is less danger today from the third party than there was at the time the convention was held to bring radical Lemke out for President.

Make your plans to attend the Tri-State Fair. The exhibit this year will be bigger and better than ever before in spite of the drought which has cut down agricultural products. Go to the races, if you like to see good horses. But sound advice is, don't put your money on the ponies unless you have money to throw away. Of course some few will make some money out of the races, but under the very principle of gambling most of the people have to lose in order to keep the thing going. If any sort of gambling is wrong, then the pari-mutual system is wrong and should be stopped.

A prominent Panhandle citizen was driving down the highway recently at 60 miles per hour in order to fill an important appointment. Three highway patrolmen riding in one car overtook him, took him several miles back to the county seat and pinched him.

IN THE WORLD OF SPORTS

Some Mighty Fine Baseball Players Came Up This Year, Martin Asserts; DiMaggio and Mize Are Called Standouts

BY PHILIP MARTIN

A PRETTY fair bunch of freshman baseballers appeared in the two big circuits this summer. Perhaps two dozen first year men gave evidence of sticking. In choosing the best man at each position, however, we're forced to come up with these nine:

P—Kelley, Athletics
C—Atwood, Phillies
1b—Mize, Cardinals
2b—S. Martin, Cardinals
3b—Newsome, Athletics
3b—Lewis, Washington
Outfield—DiMaggio, Yankees; Ripple, Giants; Bell, Browns.

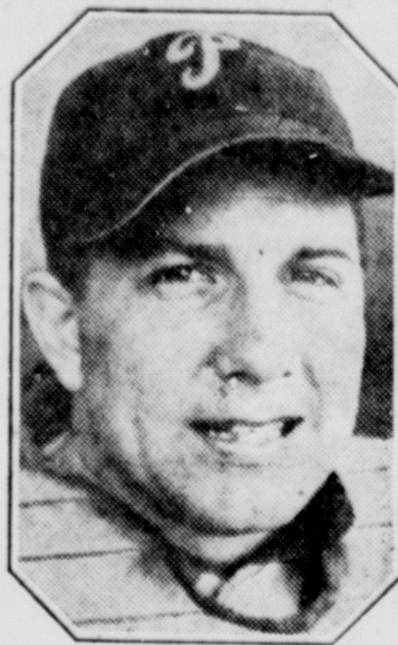

Several of the above named stars have been up before and slipped back into the minors. And Bell even played in 76 games with the Browns last year. Settling down to the serious business of baseball for the first time this season, however, they may be regarded as first year men, although they admittedly knew what a bat looked like prior to 1936.

Yes, Roy Weatherly in the outfield, Brusie Ogdowski behind the plate, Dennis Galehouse in the pitcher's box, and many others are good, too. But we'll stick to the lads we picked because—well, because they're the lads we picked.

HARRY KELLEY, past 30 years old, seemed headed for 20 victories with Connie Mack's young outfit when he was stricken by appendicitis. Galehouse of the Cleveland club was effective. The 17-year-old Feller with the same team struck out 15 Browns his first start, but missed most of the season. Jim Winford pitched good ball for the Cards.

Ogdowski of the Cards is probably as good a backstop as Bill Atwood, but the Philly youngster proved himself in more games.

You have to be a mighty fine

ball player to crowd Jim Collins off first base, but that's what Johnny Mize, of the Cards, did. Mize was the sensation of the National League, overshadowing Brooklyn's Buddy Hassett and Cincinnati's Les Scarsella in his own loop and Chubby Dean with the A's in the American.

Stu Martin was about the only second base aspirant to show much—but this youngster displayed plenty.

At short there was Newsome of the A's, a polished fielder but puny hitter. He gets the call, however, over such fair players as Kroner of the Red Sox and Norris of the Phillies.

Buddy Lewis isn't old enough to vote, but he's a swell third baseman, undoubtedly the best newcomer at the hot corner.

YOU could probably pick a fight in Cleveland by mentioning that there were three better outfielders up this season than Roy Weatherly. Probably there were not. But Roy wasn't around during the entire campaign, so we'll nominate Joe DiMaggio, who still rates with us

Almost any manager could use such a battery as Bill Atwood, left, Philly catcher, and Harry Kelley, below, Athletic hurler. Both were great successes in their first big league campaigns this year.

as the outstanding 1936 recruit; Jim Ripple, who inspired the Giant comeback; and unheralded Beau Bell, who hit hard, fielded well, and ran the bases superbly in his first year as a regular for the bargain basement Browns of St. Louis.

There were some other good boys chasing flies around the outfields of the two big leagues. There were, for instance, Mike Kreevich and Rosenthal of the Chisox, Sulik of the Phillies, and Johnny Cooney of the Dodgers, who, at 34, isn't exactly a boy.

The Republicans started a nice little song years, and years ago, in proclaiming as Maine goes, so goes the nation. As a matter of fact, Maine has always gone Republican excepting when Teddy Roosevelt split the Republican party in 1912 and Maine went for Woodrow Wilson. But it is a fine battler, even though it is untrue.

New Folder Advertises Panhandle

The above map is one of the features of the illustrated map folder now being distributed to the various cities of the Panhandle who participated in the co-operative printing of this advertising. In the folder this map is twice as large and reproduced in two colors, with a welcome to visitors message on one side and details about the forty-four points of interest to tourists in the Panhandle on the other.

On the opposite side of the advertising piece twenty photographs are reproduced. These have been selected carefully to cover the scenic, historical, wild life, agri-

culture and industry of the Panhandle. Title of the illustrated map folder is "Trails To Take In the Texas Panhandle."

Need for this type of advertising designed to attract tourists to the Panhandle was pointed out at an all-Panhandle meeting of civic leaders and Chamber of Commerce executives held several months ago. At that meeting the Panhandle Advertising Committee was formed to formulate a plan for suitable advertising literature. This was done, and the cities of Amarillo, Borger, Canadian, Canyon, Channing, Clarendon, Dalhart, Dumas, Hereford, McLean, Mobeetie, Pam-

pa, Perryton, Plainview, Shamrock, Vega and Wheeler each agreed to take 1,000 or more of the advertising folders approved by the executive committee.

Subscriptions totaled 40,000 for the first printing; and it is anticipated that reprints will be necessary at least annually. All of the Highway Ports of Entry to Texas are being supplied with these folders for distribution by the Amarillo Chamber of Commerce.

Other cities will receive their subscriptions in full for redistribution through merchants and others catering to tourists.

Arrangements have been made to provide framed copies of the

two-color illustrated map and adjacent printed historical and tourist information at a special price to schools, filling stations, restaurants, hotels and others.

"This first advertising folder is just a starter," states John McCarty of Amarillo, temporary chairman, Panhandle Advertising Committee. "We plan to continue the organization and work started so well with this advertising folder. The Texas Panhandle has a big opportunity to get tourist business volume from now on, due to better roads, the Centennial, the new Mexico City highway and the much increased interest in Texas evident throughout the nation."

Ex-Students Ass'n. Board of Directors Meets With Hill

Meeting in Dr. J. A. Hill's office Sunday afternoon, the Board of Directors of the Ex-students' Association discussed plans for changing the annual spring luncheon of the association to a more convenient time for the outgoing graduates. Formerly, the luncheon has been held immediately following the Commencement exercises.

Miss Fannie Sue Brasuel was appointed chairman of a committee to choose a plan for the proposed change of time for the luncheon. She will choose members to form a committee to assist her. The committee will report at the next meeting of the Board of Directors.

The Board also voted to invite all state representatives-elect and senators-elect to be guests of the association at the annual homecoming celebration set for Oct. 31.

J. B. Speer was made chairman of a committee to conduct a membership campaign. Members of the Ex-students' Association will receive The Prairie for the current long session in which they join. In addition they will get the lowest price of admission to all athletic events and lyceums of the College through membership in the Association.

Those attending the meeting were: Lee Gilmore, president; J. B. Speer, who was appointed to fill out Olin E. Hinkle's unexpired term as a member of the Board of Directors; George A. Heath, retiring president; Fernan N. Sawyer, Superintendent of Schools at Canadian; Miss Fannie Sue Brasuel; Mrs. Lee Johnson, acting secretary in the absence of Mr. Johnson; Mrs. T. V. Reeves, and Dr. J. A. Hill.

Hi! Everybody!

Mr. Pope is shore havin' an arful time gittin' sum of yu started out on yore programs, but he'll do it; and then watch yore steps, Kids, it's sink or swim in them studies.

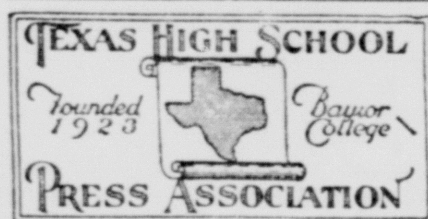

I shore am glad there is so many new ones in school this year. Between classes there are so many scattering in all directions it looks like a wild stampede. Them new teachers seem to me to be gittin' all the pupils in their classes. Well, I don't blame yu, girls and boys. They are good looking. When I was in scule I was always glad of a new teacher.

To hear that pep squad you would think football season was here. Well, it is; and Coach Hutto shore is workin' them boys. Ya, and from what I've seen, Captain Jack Middleton is right in there to have an A-1 team this year.

The Eagles have their first game tomorri with Lefors. I shore am goin' to be there backing them Eagles, and I want to see all yu kids out there yellin' frogs into your throats, so them Eagles will know yu are backin' 'em. Them boys will then be more able to give them Lefors chaps a good lickin'.

Here's to the Eagles!

TOAST TO NEW STUDENTS

Here's to the new students of Canyon High; we hope you make friends before the year goes by. We, the students of Canyon High School, extend to you, the new students of Canyon High, a cordial welcome. You are one of us. In a few days you will become accustomed to the new faces around you. Now is the time for you to start making friends.

CORPS ???

Rat-a-tat-tat! Rat-a-tat-tat- So sounds the Canyon High School Drum Corps, if we can get the drums. Why not be original and impressive by organizing the first drum corps in West Texas? Why not back up our football team with a crash and a bang that will make our team fight with a crash and a bang?

Well, the main reason is the lack of funds. If everybody—students, merchants, teachers—will contribute to this cause to support old Canyon High, we can make her a lively school which other schools may copy.

THE POLICIES OF OUR PAPER

(Editor's note: for the benefit of the new students and new patrons of the Canyon Public Schools, we wish to tell you what our paper really stands for):

1. To unify school spirit;
2. To form and inform and influence student thought;
3. To encourage personal achievement and worthy school enterprises;
4. To build up respect for constituted authority;
5. To foster clean sportsmanship and the best school traditions;
6. To serve as a medium for the expression of student opinion;
7. To acquaint parents with the progress of the school;
8. To promote good scholarship;
9. To work constantly for the welfare of the school and of the community;
10. To give helpful publicity and to print general information and special regulations.

Hutto Is Elected Senior Sponsor

Coach Emil Hutto was elected sponsor of the Senior Class for the coming year at the first class meeting Friday afternoon. Coach C. C. Jones was elected last year, but he resigned when he moved to Clarendon. Mr. John B. Pope was elected honorary sponsor, and Mrs. R. A. Bellah was re-elected as room mother.

The class officials elected at the end of the school term last year are Willard Childers, president; Jack Middleton, vice-president; and Marielle Oldham, re-elected as secretary and treasurer.

Office and Library Assistants Chosen

Eighteen student assistants have been selected to work in the library and in the principal's office.

Those working in Mr. Pope's office are Sarah Thompson, Carolyn Mayfield, Martha Joe Newlin, Evelyn Cluck, and Lillian Chambers. No definite choice has been made of students to work in the superintendent's office.

The library assistants are Margaret Stewart, Natalie Flesher, Betty Jo Black, Helen Hurst, Pauline Harris, Mildred Shuman, Billy Black, Sanford Black, Willard Childers, Evelyn Cluck, Marielle Oldham, Sarah Thompson, Annie May Spencer, and Mary Jo Avent.

New Playing System Introduced In Canyon High

A new system of football practice has been introduced to this school by Coach Emil Hutto.

The forty men coming out have been divided into an A squad and a B squad. The A squad consists of the first string and first substitutes, while the rest are the seventh graders, freshmen and less efficient upperclassmen.

Both squads are divided into two teams who scrimmage each other regularly. This is the most excellent training yet devised for the younger boys, and will better prepare them for their future playing on the A squad. It furnishes a reserve of ready-trained players to move into the higher positions more easily and quickly.

The juniors, or B squad, has a list of scheduled games, just as the A team has and they are going to run plays, just as the senior team.

Tom Harris and Lavert Avent, both ineligible this year, have been selected as coaches for the junior team and are whipping the boys into good shape.

Let's back the Eagles from the beginning to the end.

New Equipment Received For Eagle Squad

New equipment has been bought for the athletic department this year from the money that was in the athletic department last year.

The football squad has received 18 white jerseys to use for football practice.

There has been 30 rolls of tape, 36 rolls of bandage material, 2 rolls of ankle wraps, 1 gallon of liniment, and 2 ounces of meta-phon added to the first aid equipment.

Six pair of pants has been bought for the boys to wear in practice. There has been six pairs of shoulder pads and six pairs of blocking pads added to the football equipment this year.

The one thing that the boys must have in order to play football is a football, so there has been nine new footballs bought this year for the athletic department.

The boys have bought new shoes and Coach Hutto received new cleats for them last Tuesday.

This football equipment was ordered from Lowe and Camel through Williams Hardware in Amarillo.

Eagle's Tale Staff Chosen For Coming Year

C. L. Drummond was chosen managing editor of the Eagle's Tale last Friday. Sherman Higdon and John B. Pope were selected as sports editor and business manager, respectively.

Jean Slack was chosen as exchange editor, and Marielle Oldham was made secretary and treasurer of the Press Club for the coming year.

Mary Collins was chosen editor-in-chief of the paper at the end of the school term last year.

Miss Pauline Crittenden is the new sponsor of the paper this year.

Assembly Set For Mon. and Wed.

Assemblies this year will be held twice a week instead of once a week as before, according to an announcement from the superintendent's office. They will be held on Monday mornings at 9 o'clock and at 2:30 on Wednesday afternoons.

In order for the faculty, students, parents, and school board to become better acquainted at the opening of school, an assembly was held Sept. 7.

Mr. I. B. Carruth, superintendent, welcomed the new students to Canyon High School and introduced the school board and new members of the faculty.

Mayor C. R. Burrow, W. H. Stroud, chairman of the board, and Clyde W. Warwick made short talks to the assembly, offering their co-operation to the school.

"Does" and "Don'ts" were the topics for discussion in assembly Sept. 8. Mr. Carruth made plain to the new students and refreshed the memories of the old students about the various things which they were allowed to do and what they should not do.

Band Membership Increases

When the band organization was first started, there were only twenty-five members, twenty of which were beginners.

During this summer the band played for the celebration of July 4th. Every two weeks the band played a concert. They have been successful in raising \$78 to purchase a bass horn, and have bought twelve new uniforms, making a total of thirty-two band uniforms.

Band is offered as a credited subject this year. The freshman have the lead of the biggest percentage in the band.

The band played for opening day of school, and are now working on new pieces to play at the Tri-State Fair, Sept. 23, at Amarillo.

Gridiron Gossip

By Bulldog

With a new team the Eagles are out to show Lefors how this game of football should be played. The team, under Coach Hutto, has shown plenty of hustle and spirit. They are out to win.

Captain Jack Middleton leads a squad of 35 men through a hustling workout every evening. Competition is keen, especially in the line. The team is well balanced as to weight and will be much heavier than was figured on.

Tom Harris and Lavert Avent are coaching eighteen junior boys and peewees in the art of playing football. They will play regular scheduled games and will be a good source of material for future Eagle teams.

Darwin Dobbs, quarterback on the Eagles' '35 team, is back in school.

Well the old Pep Squad is really getting that military marching down pat; and say, their new sponsor is plenty good looking. Here's to you, Miss Eastus.

The Eagles scrimmaged Buchanan Junior High last Tuesday to polish up the defense and offensive attack in preparation for the game with Lefors. Coach Hutto says: "The boys got a lot of real experience in the scrimmage Tuesday and we sure will be ready for Lefors."

Welcome Tea Given Freshman Tuesday

A tea welcoming the freshman and seventh grade girls to high school was given last Tuesday in the home economics department by the junior and senior girls.

The purpose of the tea was to get acquainted with each other. Each junior and senior girl had a little sister from either the seventh grade or the freshman class.

The program consisted of a reading by Lillian Chambers. Edrie McNeil gave a tap dance; and Ruth Solomon, Evelyn Cluck, Kate Eileen Donnell, and Carolyn Mayfield sang a group of songs accompanied by Marie O'Donnell.

Punch and tea cakes were served and the room was decorated with wall flowers.

Mary Collins spent part of the summer vacation in Galveston, and at the Centennial.

Flying Eagles Will Invade Fighting Pirate Fri. Night

Games To Be Played at Lefors Field; Team Proven Strong

Ready to go after three weeks of hard practice, the Eagles will open the season with the Lefors Pirates on the opponents' field tomorrow night.

The Eagles have four lettermen back on the squad this year: Captain Jack Middleton, Melvin Callahan, C. L. Drummond, and Herschel Burrus. The team is not as heavy as it has been in previous years, but it may be stronger. Last year the Eagles were defeated by the Pirates, but they hope to reverse the situation in the game Friday night.

A Gun That Made American History

Leo Carillo, movie star, shows pretty Rosellen Flowers, Philadelphia visitor at Atlantic City, one of his prize possessions—the gun that Pancho Villa, famous Mexican bandit, carried with him on many of his border escapades. The pistol was given to Carillo by Senora Luce Villa of Chihuahua, Mexico, while the film player was making the picture "Viva Villa."

Phillips 66 POLY GAS

MAKES ANY CAR RUN BETTER

WHY, I REMEMBER WHEN PHILLIPS HAD ONLY TWO STATIONS!

YES--THAT WAS ONLY EIGHT YEARS AGO. NOW THERE ARE 13,800 PHILLIPS STATIONS! IT SURE TAKES A GREAT GASOLINE TO GROW LIKE THAT!

LISTEN to a success story: But remember that you haven't heard the whole story until you have listened to your motor after filling the tank with Phillips 66 Poly Gas!

The times have been tough. And so has the competition. Yet, every year right through the Depression, sales of Phillips 66 kept climbing higher and higher to new record-breaking levels.

Obviously when every man and woman had economy uppermost in mind, only a product giving exceptional value could have earned such tremendous gains in popular approval.

Today, thanks to wise and thrifty motorists, Phillips is one of the largest Independents in the entire oil industry. And as an Independent, Phillips has rolled up a remarkable record of pioneering.

Phillips was first to match gasoline to weather. First

to offer high test gasoline at the price of ordinary motor fuel. First to offer at all its stations the extra-powered gasoline resulting from the patented POLYmerization process.

Why not give your motor a chance to surprise you! Try a tankful of the new Phillips 66 Poly Gas. It's a sensational motor fuel. And a sensational value, too, since it does not cost a penny more than ordinary gasoline.

Demand Exceeds Supply of Music Teachers Prepared

The Teacher-Placement Committee has had many calls this summer for band and orchestra directors and for public school music teachers which could not be filled. Nearly all public schools are stressing music in the classroom and as a feature of the school's contribution to community life.

Teachers who can direct band or orchestra or chorus, or who can play one or more instruments find it much easier to secure good positions than those who have not fitted themselves for extra-curricular activities of this kind.

The entire home schedule of six games will likewise be broadcast over KGNC.

In a statement Monday Coach Al Baggett said, "We appreciate the broadcast of the game Friday night, as it shows that more people are vitally interested in W. T. football."

Aubrey Jackson will announce the game in detail.

Bonus Money Sets Legion for Record Attendance at Cleveland Convention

CLEVELAND—Surprising crowds of early arrivals herald an almost certain attendance record of approximately 250,000 when the American Legion opens its 1936 national convention in Cleveland Sept. 20.

There are good reasons why this 18th meeting of the Legion promises to be the greatest. Biggest factor, of course, is payment of the bonus. Many legionnaires are financially able to attend a national convention for the first time.

Swelling the total of convention visitors are subsidiary organizations; the Women's Auxiliary, with 413,000 members; the fast-growing Sons of the American Legion, already numbering 38,919; the "40-and-8"; the National Organization of French War Brides, and many other associations of men identified with special war services.

HOTEL reservations have not been available in Cleveland's metropolitan area for more than a month. The legionnaires and their families are crowding pri-

vate homes, lake boats and downtown buildings in which sleeping quarters have been provided. Many visitors are billeting in neighboring Ohio towns, such as Akron, Painesville and Lorain.

This year the Legion meets in Cleveland for the second time. Back in 1920, still wearing the "O. D. woolies" in which they came back from the war, the then youthful legionnaires came to this city for the first time.

Growing a bit more portly with the years, but retaining their enthusiasm for the Legion, which now has 950,000 members, these men are coming once more to the shores of Lake Erie to march down Cleveland's Euclid avenue in a parade the third day. This parade will require at least 10 hours to pass a given point. It will include 90,000 marchers, 500 bands and drum and bugle corps, and countless floats.

A DISTINGUISHED array of speakers will address the sessions of the Legion, including Newton D. Baker, honorary chairman of the convention and wartime secretary of war; Ohio's

Gov. Martin L. Davey; Mayor Harold H. Burton of Cleveland; William Green, president of the American Federation of Labor; Rep. J. E. Rankin, chairman of the House veterans' committee, and M. Victor Beauregarde, who comes from France to represent the World War veterans of that country.

Elsie Janis, musical comedy star, is here to sing to the veterans as she did in rest camps during the war days.

Cleveland is certain of much glamour, gaiety and noise during the coming days, but the legionnaires will devote much of their time to business sessions.

After reports of Legion activities, the convention will ballot on a new national commander to succeed J. Ray Murphy of Iowa, a new national executive committee, and policies for the coming year.

The Legion meeting closes a "convention summer" for Cleveland. This city of a million persons has entertained four major conventions this year—the Socialist, Republican, Townsend and Coughlin gatherings.

Kelly Doherty Smith Melton Colmery

Leading candidates to succeed the Legion's national commander, J. Ray Murphy, are Raymond J. Kelly, Detroit; Daniel Joseph Doherty, Woburn, Mass.; John Lewis Smith, Washington; Quimby Melton, Griffin, Ga.; and Harry W. Colmery, Topeka, Kan. Newton D. Baker is honorary chairman of the convention. The top picture shows the Legion parading at Cleveland in 1920. Priscilla Eveleth, inset, judged last year's best drum-major, will be on hand again.

Tri-State Fair To Be Tribute to Memory of Wilbur Hawk

People of the Tri-State Fair territory ought to attend the 1936 exposition as a tribute to the memory of Wilbur C. Hawk, says Gene A. Howe, known everywhere as "Old Tack" and this year head of the association.

The Tri-State Fair this year begins Sept. 21 in Amarillo and will continue for a full week.

"The Tri-State Fair's phenomenal growth is merely a reflection of the progress made by this section of the country, but its success year after year is a monument to a man—a to a great man whose energy, enthusiasm and vision have brought the exposition to prominence," said Mr. Howe, referring to the late Mr. Hawk.

"The Tri-State Fair this year will be on a larger scale because approximately \$35,000 have been spent since the last exposition to improve it," the new president continued. "There will be larger cash premiums and more room for exhibits. The racing plant now is one of the best."

"We must carry on and keep the Tri-State Fair growing as a tribute to the memory of Mr. Hawk."

Mr. Howe was elected president of the Tri-State Fair Association last April, having been chosen unanimously because he was closer to Mr. Hawk as a partner and business associate than anyone else.

"Mr. Hawk laid down the rules and formulated the policies which have brought the Tri-State Fair to its present high standard and which will guide it for years to come," said Mr. Howe.

Mrs. Levi Cole and Mrs. M. E. Rhoads were visitors in Amarillo last Friday.

George M. Archer was in Bovina Sunday with his wife, who is teaching home economics in the high school.

No. 1 Mother Picks Best Babies

Baby Frederica Rockefeller will have something to tell her bridge club when she grows up. At the age of 21 months she was selected as the most beautiful baby at the Dutchess county (N. Y.) fair. And one of the judges was Mrs. Sarah Delano Roosevelt, mother of the president. Mrs. Roosevelt is shown in the center of the above picture looking over the winning baby, held by Mrs. B. Agersborg, also a judge in the contest.

tackle. William Harp, 225-pound Altus, Okla. Junior College transfer, Cal McAninch from John Tarleton, and Gordon Murray, 200-pound soph., will divide time at the tackle positions.

The coaches should have little trouble filling the two terminal posts, since Toby Waggoner and Vernon Johnson, both lettermen, are back. L. O. Speer, of Tulsa,

Melvin Cullender, Hartley, and Melvin Ritchey, Wayland College transfer will be fighting for positions at the ends.

Three backfield lettermen are returning—Lwood Dow, fullback, and Tom Slack and Ezell Champion, halves. Conway Butler may start at the fullback post, and Foster Watkins and F. A. Thomas will divide time as signal blockers. Henry Brotherton, Blake Lyde, and Odell Washington will see much service as backs.

Charles Franz Is Featured in Motion Picture by A. & M.

The Texas Extension Service Farm News, published by A. & M. College carries the following item regarding Chas. Franz, manager of the Tierra Blanca Hog Farm east of Canyon:

"Science marches on," the motion picture in which the results of the Vitamin A deficit diet experiments conducted by Fred Hale, Chief of the Swine Division of the Texas Experiment Station, are featured, is now available.

In presenting this picture the Extension Service has reproduced, as exactly as possible, an actual happening when a ranchman came all the way from the Panhandle to A. and M. College to discuss with Fred Hale the losses he had suffered in his herd of swine.

This ranchman, Chas. Franz of Canyon, was sufficiently unselfishly interested in carrying to others the help he had himself received to be willing to make several trips back to College and help reenact, before the camera, the scene of his former visit.

The picture is the first "talkie" produced by the Texas Extension Service, and probably the first of its kind ever produced. It can be shown in about ten minutes on any regular motion picture machine. It can be borrowed free of charge from the Extension Service, though transportation both ways will have to be guaranteed.

Counties in which scarcity of green feed is a live stock problem will do well to show the picture in every motion picture house within their borders.

W. T. Opening

(Continued from page one)

The following program will be given:

Invocation, by the Rev. J. R. Hicks, pastor of the First Baptist Church.

Song, lead by Prof. Wallace R. Clark, head of the music department.

Scripture reading, the Rev. Chas. L. Dickey, pastor of the Presbyterian Church.

Address, Dr. J. A. Hill, president of the College.

Following the address of the president, church announcements will be made by pastors of the various churches. General information relating to the school will be made by members of the faculty, followed by the singing of Alma Mater by the assembly, and benediction by the Rev. J. O. Quattlebaum, pastor of the First Methodist Church.

Miss Fernie Bowman has been added to the staff of the Home Economics Department.

Miss Bowman was graduated from the college in 1928, with a major in Home Economics. Later she received her Master of Science degree from the University of Chicago. Her experience since that time has included teaching in Syracuse University and Elmira College, both in New York, and teaching and institutional management in Christobal, Canal Zone, Panama. Miss Bowman is able to accept the appointment here because she is on leave from her position in Panama.

During the summer sessions of 1928, 1932 and 1935, Miss Bowman taught in the Home Economics department here, so she begins her work this fall with an acquaintance with many students and members of the faculty.

The Demonstration High School is having an unusually high enrollment this fall, with students coming from a widely scattered territory. Seventeen towns, besides Canyon, and two other states besides Texas were already represented in the enrollment by Wednesday noon.

Canyon is given as the home address of 91 students; the other towns listed are Amarillo, Dawn, Wildorado, Happy, Crowell, Panhandle, McLean, Knox City, Tulsa, Wayside, Moody, Lefors, and Lubbock, Texas; Denver, Colo.; and Grant, N. M.

Many parents are sending their children to the demonstration school because they can receive a greater amount of individual attention than in a crowded system; others choose it because it offers greater opportunities than can be given in the small schools of their home places, while others come because their parents want them to live in Canyon.

The Demonstration high school was formally opened Wednesday morning, with Supt. F. E. Savage, Mayor C. R. Burrow, and President J. A. Hill welcoming the students. Miss Nancy Dawes of the music department played a piano solo.

Palo Duro Peeps

Visitors from this community at the Texas Centennial this week included Mr. and Mrs. Henry Gerdson, Fritz Gerdson, Herbert and Betty and Gerhard, and Eric Rogge.

Mattie Ruth Davenport spent Sunday night with Myriel McClen-don.

Mr. and Mrs. Raymond Tuck, Mr. and Mrs. G. H. LeSeberg and Wilma Schutte were Sunday visitors in the Clarence Beckman home west of Canyon.

Mr. and Mrs. Bill Brian left Tuesday night for Austin where Mr. Brian will finish his course toward his law degree at the University. On their way to Austin they will stop at Dallas to visit the Centennial.

Old Settlers Will Meet Next Wednesday Tri-State Fair

On Wednesday, Sept. 23, more than 2,000 members of the Panhandle Old Settlers' Association will gather on the grounds of the Tri-State Fair in Amarillo. The program will begin promptly at 10 a. m.

W. H. Fuqua, pioneer cattleman and banker who is president of the Association, will deliver the president's address and have charge of the program.

J. C. Estlack, publisher of the Donley County Leader, and president of the Panhandle Press Association, will deliver the principal address at the president's request. His subject will be, "Early Newspapers of the Panhandle." Estlack resided in Tascosa in 1883, and later became a rider of the range with such celebrities as Will Rogers. His knowledge of the Panhandle over this period of 53 years will enter into his address.

Group singing, and musical numbers that were popular in the old days will be on the program.

Roll call by dates will be an interesting feature.

Each year the program is dedicated to some group, industry, or individual. The newspaper fraternity will be in the spotlight this year.

Mrs. Marvin McCullough will be in charge of registration, and Mrs. Lillian Steele will record the proceedings. A complete record is made for the files of the Old Settlers' Association, and a copy is placed in the Panhandle-Plains Historical Society Museum.

The officers this year are: W. H. Fuqua of Amarillo, president; De-lea Vickers of Pampa, first vice president; Joe Rorex of Panhandle, second vice president; Landon Doak of Claude, third vice president; Mrs. Mary E. Snider of Amarillo, fourth vice president; Floyd V. Studer of Amarillo, secretary and treasurer. With the exception or secretary, new officers are elected each year.

METHODISTS OF PLAINS TO HAVE JOINT SERVICE

All Methodists of the Panhandle will join in a radio service next Sunday morning at 10:50 o'clock. Radios will be installed in the churches, and the local congregations will listen to the program presented at Polk Street Methodist Church in Amarillo.

Presiding Elder J. O. Haymes will preach the sermon, which will be directed to the Methodist membership. Local pastors predict that 5,000 Methodists will listen to this service.

Rev. J. O. Quattlebaum, pastor of the Canyon Methodist Church, has invited all Methodists to join in this first radio program.
